Student Visa Guidelines 2022
FOR THAI STUDENTS/ STUDENTS RESIDING IN THAILAND
Who is involved?

**Campus France Thailand** is the French government agency that works with students in Thailand going to France for an academic program of 90 days or more.

The Campus France *Études en France* application is the mandatory first step for all student visa applicants. Campus France Thailand ensures all academic criteria are met before the applicant submits a student visa application. Students participating in a program in France of under 90 days do not need to complete the Campus France procedure. Depending on their nationalities, they might need to request a short-stay visa.

**TLS Contact** is an external agency responsible for managing all visa appointments and visa application submissions across Thailand.

After completing an online student visa application on the France-Visas platform, students will visit TLS Contact Center in person to submit the visa application.

Once students have submitted a visa application at TLS Contact, the application is sent to the **Visa Service of the French embassy in Bangkok** for processing.

The Visa Service reserves the right to contact students if they require any additional supporting documents during the visa review process. The Visa Service makes decisions on the issuance of student visas.
You have been accepted to a French language degree or certificate program in France.

1. Complete an *Etudes en France (EEF)* Application*
2. Submit your Campus France payment and paperwork
3. The Campus France team will review your EEF application (3-day or 3-week review)
4. Receive your confirmation email when your EEF application has been processed
5. Complete a student visa application on France-Visas platform
6. Schedule a visa appointment at TLS Contact Center and attend appointment**
7. Receive visa in the mail or pick it up at TLS Contact Center after processing time of 3 to 4 weeks
8. Travel to France
9. Within the first 3 months following arrival, register and validate visa online
10. Register with French social security

* Students may begin the EEF application anytime. It is recommended to begin the application at least 10-12 weeks before departure
**Students may attend a TLS Contact appointment only within the 90 days prior to the start date of their program in France
Document Checklist

- Visa application form
- France Visas receipt
- ID Photograph
- Travel document (passport)
- For non-Thailand citizens, proof of legal status in Thailand
- Campus France Thailand confirmation email
- Pre-registration certificate generated by EEF-Pastel
- Proof of accommodation in France
- Proof of sufficient funds for program period in France

Please note that requirements are subject to change. Students should always follow the checklist generated by France Visas or TLS, which may include additional documents not listed here. This document serves an explanatory purpose to help students understand the items they will see on the France Visas and TLS checklists. Please note that one requirement for all student visa applicants is the Campus France confirmation email. This requirement may not appear on the general global France Visas checklist, but is mandatory for applicants from Thailand.
**Document Tips**

**Upload**

supporting documents to the France-Visas platform as you complete your application.

All details on document specifications can be found here.

Uploading documents is recommended, but does not change the processing time for student visas.

Note: Students can use regular letter sized paper (8.5 x 11 inches) instead of A4 paper.

**Bring**

hard copies of documents to the TLS Contact in-person appointment.

Even if you upload documents to the France-Visas platform, you must also bring hard copies of all documents to your in-person TLS Contact appointment.
Visa application form
Demande de visa pour un long séjour

1 copy

This is the PDF visa application form that is generated by the France-Visas platform.

You will need to print a copy of this application form that you completed online.

Print one copy of this three-page document and sign and date the application on the day of your appointment at your local TLS Contact Center.

You will also be requested to upload supporting documents to the France-Visas platform when you complete this application. In addition, bring original copies of supporting documents to your in-person TLS appointment.

To print the application, log into your France-Visas account and click the magnifying glass icon to generate the PDF for printing.
France-Visas receipt

1 copy

This is the receipt of your visa application generated by the France-Visas platform when you complete the visa application online. This documents includes an application reference number, your name and DOB, and a bar code.

You’ll also see a checklist of what you need to bring with you. If you see additional items on the France-Visas checklist other than what you see on this Guidelines document, you should always bring those items.
ID Photograph

1 original photo

This is a passport-style headshot photograph, 3.5 cm by 4.5 cm, in color, against a uniform and clear background.

You can have these taken at professional photo services. Please do not take this photo yourself, your application will be rejected.

The photo must be recent, but does not need to match the photo in your passport. Your mouth must be closed and your eyes and ears need to be visible. You must not be wearing glasses, a hat, or a scarf.
Travel document (passport)

The original + 1 copy of the ID information and signature pages (shown in top image)

Your passport must be valid for at least three months after your planned date of return from France. For example, if your program starts September 1, 2021 and ends May 1, 2022, your passport needs to be valid until at least August 1, 2022. If your passport expires before this time, you will need to renew your passport before applying for a visa.

Your passport must have two consecutive blank visa pages that are side by side (so when you open the passport you see two blank visa pages like an open book) plus a third blank page. Pages with the mention ‘Endorsement’ are not visa pages. If your passport does not meet these requirements, you will need to renew your passport.

It must also be signed, or your application may be rejected. You will need to leave your passport with the visa service for the duration of visa processing, please plan accordingly.
For non-Thai citizens, proof of legal status in Thailand (resident card, visa, etc.)

The original + 1 copy

You will need to bring the original document and also one photocopy of your residencycard or Thai visa to your TLS appointment, as well as your passport or travel document from your country of citizenship.

Only students with Thai citizenship or legal Thai residency exceeding the length of their proposed stay in France may apply for a French visa from Thailand. If this does not apply to you, you may need to apply through the Campus France office of your country of origin.
Campus France Thailand confirmation email
1 copy

This item may not appear on the general global France-Visas or TLS checklist, but is mandatory. This email confirms that Campus France TH has processed your Etudes en France application and that it is ready for review by the Visa Service of the French Embassy. Depending on the language you selected on Etudes en France, this email will either be in French or English.

This confirmation email will be sent to the email address used to create your Etudes en France account, and will have the subject line: **THXX-XXXXX / Your Campus France file has been processed** OR **THXX-XXXXX / Etudes en France: l'instruction de votre dossier est terminée.**
Pre-registration certificate generated by EEF-Pastel

1 copy

This PDF is generated when Campus France has processed your Etudes en France application.

Depending on your application type, this will be entitled ‘Confirmation d’acceptation’ or ‘Accord préalable d’inscription’.

To find this document, log-in to your Etudes en France account. From the Welcome page, click on your application tab (either ‘Not Yet Accepted’ or ‘Already Accepted’ depending on your application type), and click on 1 – Finalize the procedure. The PDF icon will be under the « Select a Program » section.
Proof of accommodation in France

1 copy of all documents

It is required that all students have adequate accommodation arranged for the first three months* of their stay in France and that they provide an address in France at which they can be contacted.

If you, as the student, are responsible for securing your own housing in France, please provide the proof of housing in one or more of the following ways:

1. A rental agreement or lease in your own name;
2. A printed reservation at a hotel or apartment for the first three months of your stay in France;
3. Proof of a reservation in a student residence;
4. A written statement from a friend, family member, or individual who will house you in their home, including their address, the dates of your stay, the host’s contact information, and the host’s signature; AND a copy of your host’s ID AND proof of address (the only documents accepted in this case as proof of address are copy of the lease or house deed).

If your home institution, host institution, or study abroad program will arrange housing for you in France, please provide the proof of housing in one or more of the following ways:

1. An official letter from either the host institution in France or home university that explains in detail any arrangements made by these institutions to arrange your housing for at least the first three months of your stay in France. That letter must include the full address of the residence, contact information for all institutions involved, and the residence type (ex: student housing, hotel, home stay, etc.);
2. Proof of a reservation in a student residence.

*If at the time of your visa application you have not yet secured accommodation for the first 3 months of your stay in France, please provide proof of accommodation for at least the first week following your arrival in France, along with a letter explaining clearly your concrete plans regarding long term accommodation. If possible, please have this letter signed by an official representing your program of study.
Provide proof of sufficient funds in one of the following ways:

1. The three most recent official bank statements from your own checking and/or savings account that show either a balance of (€615 x # of months you’ll be in France) OR that show a steady monthly income of over €615 per month. If you provide bank statements showing an existing income that is planned to continue, you need to provide proof of this future continuity, such as a valid employment contract with dates that cover your program period in France, or a letter from your employer.

2. A financial guarantee form completed by a sponsor who agrees to provide you with at least €615 per month for the entirety of your time in France AND copies of that individual’s bank statements showing sufficient and reliable funds, and showing that this person has the financial means to provide you with at least €615 per month for the duration of your time in France. The sponsor could be a parent, another family member, or an individual who agrees to support you. The form must be notarized.

3. An official written statement from your university or the awarding institution confirming that you are the recipient of a scholarship or student loan package of a value of over (€615 x # of months you’ll be in France) beyond all tuition, administrative, and program fees. You must provide proof that you will have at your disposal at least €615 per month after having paid all program fees for France and all outstanding tuition fees for the program period at your Thai institution (if applicable).
1. What fees are involved in obtaining a student visa for France?

2. I've been asked to provide additional information about my accomodation in France. How to proceed?

3. I've been asked to provide additional information about my financial resources. How to proceed?

4. I'm scheduled to depart soon for France and I haven’t received my visa yet. How to proceed?

5. Who should I contact with questions?

6. What should I do upon my arrival in France?
What fees are involved in obtaining a student visa for France?

Before applying for a student visa, you will need to have paid the Campus France processing fee of either XXXTHB (3-week processing time for regular service). Please note that the processing time of your Campus France application is unrelated to the visa processing time. The Visa Service of the French Embassy does not offer an expedited visa processing service.

You will pay the TLS Contact fee approximately XXXXTHB when you schedule the TLS visa appointment online.

A visa fee of approximately XXXXTHB may be paid by Visa or MasterCard during your TLS Contact appointment. Personal checks/cash are not accepted.

There is a fee of XXXXTHB for express mailing of your passport once your visa has been processed. If you live close to the TLS Contact Center, you may choose to return to TLS to pick up your passport and visa in person when it is ready, in which case you would not pay this fee.

Expect the total cost to be between XXXXTHB and XXXXTHB, depending on services selected.
I’ve been asked to provide additional information about my accommodation in France. How to proceed?

All students going to France must provide proof that they have organized accommodation for themselves for at least the first three months of their stay.

Please see page 14 of this document for details of how to provide this proof depending on your housing type.

If, at the time of your visa application, you have not yet secured accommodation for the first 3 months of your stay in France, please provide proof of accommodation for at least the first week following your arrival in France, along with a letter explaining clearly your concrete plans regarding long term accommodation. If possible, please have this letter signed by an official representing your program of study.
I’ve been asked to provide additional information about my financial resources. How to proceed?

All students going to France must provide proof that they have at their disposal at least €615 per month during their stay. You can do this in a variety of ways.

If you plan to receive support from your parents or another individual, they need to fill out the Financial Guarantee Form AND provide their bank statements that show that they could support you with €615 per month during your stay. The €615 per month need to be at your disposal after you have paid your full tuition, administrative, and program fees.

If your housing costs and/or food costs are covered by your program, please provide an official letter that explains this in detail along with the proof of funds.

If you provide a letter of financial aid from your university, the letter needs to show that you will receive enough financial aid to give you €615 per month of your stay after you have paid all tuition, administrative, and program fees to your university.

Any application submitted without all the documents listed on the France-Visas checklist or with inadequate documents will face visa refusal. The visa service of the French Embassy will e-mail you only if you need to provide documents.
FAQs

I’m scheduled to depart soon for France and I haven’t received my visa yet. How to proceed?

Processing time may vary. For well-prepared applications, the average processing time is 3 weeks from the date of your appointment at TLS. However, in some cases it may take longer.

If you submitted your visa application at TLS Contact Center less than three weeks ago, please check the TLS application tracking. Choose Thailand, and follow the instructions to access the tracking.

If you submitted your visa application at TLS Contact Center over three weeks ago, please contact the Visa Service of the French Embassy at visas.bangkok-amba@diplomatie.gouv.fr

What should I do upon my arrival in France?

Questions?
08 06 001 620
dgef-support@interieur.gouv.fr

1. You have just been issued a long-stay visa serving as a residence permit, enabling you to legally stay in France. Within the first three months following your arrival, you must register and validate your visa at this site: administration-etrangers-en-france.interieur.gouv.fr/

   This quick and simple process will ensure that you are registered as a legal resident in France in order to complete your relocation.

   To complete the online visa registration, you will need to provide: a valid email address, your visa information, the date on which you entered France, your home address in France, your credit card details in order to pay a fee online for the issuance of your residence permit. If you fail to validate your visa within the first three months following your arrival, you will no longer be considered a legal resident in France and will be unable to re-enter the Schengen Area if you leave.

2. Soon after you arrive in France, and after registering and validating your visa following the procedure explained above, all students need to register with the French Social Security by visiting this site: etudiant-etranger.ameli.fr/#/
Bon Voyage 2022
